Interactive comment on “The fate of seeds in the soil: a review of the influence of overland flow on seed removal and its consequences for the vegetation of arid and semiarid patchy ecosystems” by E. Bochet

R. E. Brazier (Editor)

r.e.brazier@exeter.ac.uk

Received and published: 9 December 2014

The author has responded to all minor grammatical and typographical errors well, making appropriate changes.

Discussion of the Deblauwe et al. 2012 work and integration of this understanding into the manuscript is welcomed.

Suggested alterations to Figure 2 have been made as proposed, resulting in a better
