

Interactive comment on “Planning spatial sampling of the soil from an uncertain reconnaissance variogram” by R. Murray Lark et al.

R. Murray Lark et al.

mlark@nerc.ac.uk

Received and published: 16 October 2017

We are grateful to this reviewer for their careful attention to our paper. In response to the issues they raise:

- We shall make reference to the possibility of dealing with other kinds of variogram uncertainty in the conclusions section of the revised paper.
- Specific corrections
 1. Marchant and Lark (2007) is the correct reference. The publication year was C1

[Printer-friendly version](#)

[Discussion paper](#)

wrong in the reference list will be corrected.

2. We will give an approximate area for the study region in section 2.1.
3. We shall correct the reference to Figure 6(a).
