

Interactive comment on “Separation of soil respiration; a site-specific comparison of partition methods” by Louis-Pierre Comeau et al.

Louis-Pierre Comeau et al.

louis-pierre.comeau@canada.ca

Received and published: 7 February 2018

Thank you for comments to improve our manuscript. I appreciate the valuable suggestions from this review process. The co-authors and I are currently revising the manuscript and carefully addressing the suggestions. We believe the clarity and quality of the manuscript will be improved with the changes.
