

Interactive comment on “Assessment and quantification of marginal lands for biomass production in Europe using soil quality indicators” by Werner Gerwin et al.

Anonymous Referee #1

Received and published: 11 September 2018

Dear Editor, I've read the answers of the authors to my review. They provided exhaustive explanations on my request of explanations and proved their intent to make the suggested improvements to the paper. For all these reasons, I would recommend this manuscript to be accepted for publication.
