

Interactive comment on “Continental drivers of ammonium and nitrate in Australian soil under different land uses” by Juhwan Lee et al.

Juhwan Lee et al.

juhwan.lee@csiro.au

Received and published: 26 July 2018

Thank you very much. We have attached our responses to your comments in a separate PDF file. Please note that we have fixed a few editorial errors (e.g., concentrations -> contents) in our previous responses to the reviewers, which have been re-posted.

In the revised manuscript, the changes are highlighted in colour.

Please also note the supplement to this comment:
