

Interactive comment on “Variations in soil chemical and physical properties explain basin-wide variations in Amazon forest soil carbon densities” by Carlos Alberto Quesada et al.

Elizabeth Bach (Editor)

elizabeth.bach@tnc.org

Received and published: 18 October 2019

Dear Reviewers, I apologize for a tardy response here. Quesada et al. have posted a track-changes version of their revised manuscript. It is available as a download associated with "AC4" above. Please take a look and respond with any remaining concerns.

Thank you, Elizabeth
