Received and published: 3 February 2021

Dear Eric Bönecke,

Thank you very much for your comment and for the appreciation of our work. Indeed you raise a good point. We will improve the manuscript to correct this inaccuracy and reference your work in the way it deserves.

The new version of this paragraph will read: “Some case studies where geophysics-based soil information were successfully combined with crop growth models are available (Boenecke et al., 2018; Wong and Asseng, 2006).”

[Printer-friendly version](#)

[Discussion paper](#)

This might change slightly depending on further reviewers requests, but the scientific meaning of the sentence and the way your work is referenced will not be changed.

SOILD

Thanks again for taking the time to read our work.

Best regards, Cosimo Brogi (on behalf of all co-authors)
