

Response with revised manuscript

“The Central African Soil Spectral Library: A new soil infrared repository and a geographical prediction analysis” by Summerauer et al. (SOIL-2020-99)

Dear Editor,

- 5 We thank for the helpful comments on our revised manuscript “The Central African Soil Spectral Library: A new soil infrared repository and a geographical prediction analysis” by Summerauer et al. (SOIL-2020-99). All grammatical errors have been fixed and suggestions have now been incorporated into the final manuscript. A track-changed version of the manuscript is also provided separately.
- 10 We hope we addressed all comments to your satisfaction.

On behalf of all co-authors,
Laura Summerauer
