The authors have satisfactorily addressed the comments of the reviewers. The text has been revised and improved in terms of clarity and grammar/style correctness. However, the new parts incorporated to the text include some mistypes and punctuation mistakes, and may have to be revised (or rewritten) to increase the readability of those parts. For example, lines 40-47, 95-101 and 260-265 may have to be rearranged and/or rewritten in a clearer and more precise way. Homogenize the number of decimal positions used throughout the text in an appropriate way. Please, make sure that all the answers to the reviewers' comments are somehow reflected in the text, unless otherwise stated.

Thank you very much for your comments. All parts modified in the text are included in blue. The text has been revised and rewritten to clarify some parts. The number of decimal position have been revised and modified.
